Work Experience

Front-end Developer (ReactJS)
Skytech Pvt. Ltd., Ahmedabad

January 2024 – April 2024

Responsibilities:

- Utilized ReactJS to develop and implement user interface components for web applications, enhancing user experience and interactivity.
- Actively participated in code reviews, providing constructive feedback and suggestions to improve code quality and maintainability.
- Engaged in continuous learning and self-improvement, staying updated with the latest ReactJS trends and best practices.

Achievements:

- Successfully delivered multiple ReactJS projects, demonstrating proficiency and capability in frontend development.
- Received positive feedback from team members for proactive problem-solving and willingness to take on new challenges.
- Implemented performance optimizations in React components, resulting in faster rendering and improved user responsiveness.

Academic Projects

UrbanSole (E-commerce Site)

Tools: React, Git

Roles: Frontend Development, User Interface Design, Version Control

UrbanSole utilizes ReactJS for a responsive, interactive interface, enabling seamless browsing, filtering, and purchasing of shoes.

TravelO'pedia

Tools: HTML, CSS, JS, Bootstrap, Git

Roles: Frontend Development, User Interface Design

TravelO'pedia crafted purely through HTML, CSS, and JavaScript. Users can explore diverse destinations with dynamic features like interactive maps, stunning image galleries, and responsive design for an immersive browsing experience.
